The Aerospace Museum of California enhances the awareness of aerospace science through education: engage - experience - explore

### OUR GOALS ARE:

- ◆ Be the education source on the subject of aviation and aerospace history and activities for schools and the communities of Northern California
- ◆ Become a destination location and asset for the community – not only for what the museum will showcase, but also a meeting and event place, enhancing and partnering events with other museums in Sacramento
- ◆ Promote the role of aeronautics and astronautics in the 21st century, and the role of Sacramento in the development of advanced aerospace technologies
- ◆ Preserve and present the story of the Air Force presence in the greater Sacramento area, including the history of McClellan and Mather AFBs, while additionally showcasing the history of private and commercial aviation in this region

*Through your membership in the Aerospace Museum of California you will be a part of the once-in-a-lifetime experience of developing one of the greatest museums in California.*
